WOW What a home with loads of space! This home and it's two Florida rooms and workshop are all under air! (heated and cooled) The home is in a great location with a neighbor only on one side and a large open field in the back. It is also centrally located so it is close to the Clubhouse and pool. No expense was spared when it came to maintaining and upgrading this home. The kitchen was remodeled in 2006

including all new appliances (Bosch dishwasher, built-in Jenn-Air convection oven and Micro., and a Kenmore glass cook top) There are new European cabinet with cherry finish & brushed nickel hardware. The countertops are a "Volcanics" waterfall-cut LG Hi-Macs and are acrylic bonded quartz that are low maintenance and don't require periodic resealing. This home has a large master suite to accommodate lots of furniture and the bathroom has a dressing area with closet and large vanity. The shower and toilet have their own room separate from the vanity area. There are aluminum hurricane shutters included and reinforced tie-downs and a this home had a new roof in 2006. You will love this home and all of the upgrades and can't beat the great location! Put this home on the must see list!
