What a home for such a great price! This home really has some great features. The previous owner took meticulous care of it. The kitchen is open to the family or sitting room and has a breakfast bar. All this kitchen needs is a refrigerator, it comes with the microwave, dishwasher, range with overhead vent, and disposal. You can then walk into the spacious dining room with a window that overlooks the lake. The living room has plenty of windows and a sliding glass door that leads out to the florida room. Wow what a view from this room! There is an island in the lake that gives the back of the home some privacy. From the florida room you can walk outside to a patio that has stairs going all the way down to the lake. The guest bedroom has two closets and its own access to the guest bath. There is an inside laundry room that is large enough to house the office. The master bedroom is large and has his & her closets. There is also a large linen closet and vanity. The tiled shower and toilet are in a separate room. Truly a wonderful home and a must see.
